Dear Sir/Madam,

Subject: Investor Presentation

Pursuant to Regulation 30(6) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the "Listing Regulations"), read with Part A of Schedule III of the Listing Regulations, we are enclosing herewith the Investors Presentation on the financial performance of the Company for the quarter and year ended March 31, 2024, to be discussed at Earnings Conference Call which has been scheduled to be held on Tuesday, May 21, 2024 at 03:30 p.m. (IST).

The aforesaid information shall be made available on the Company's website at www.allcargoterminals.com.

We request you to take the above on record.

Thanking you,

Yours faithfully,
For **Allcargo Terminals Limited**

Suresh Kumar Ramiah
Managing Director

TERMINALS

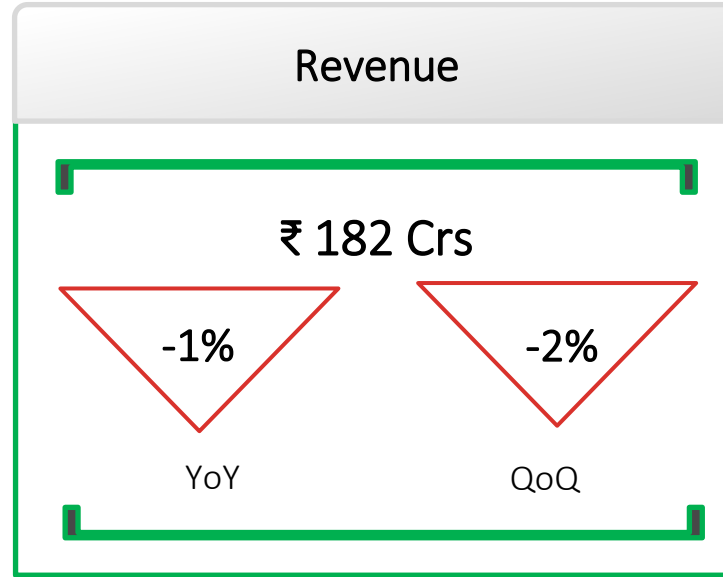

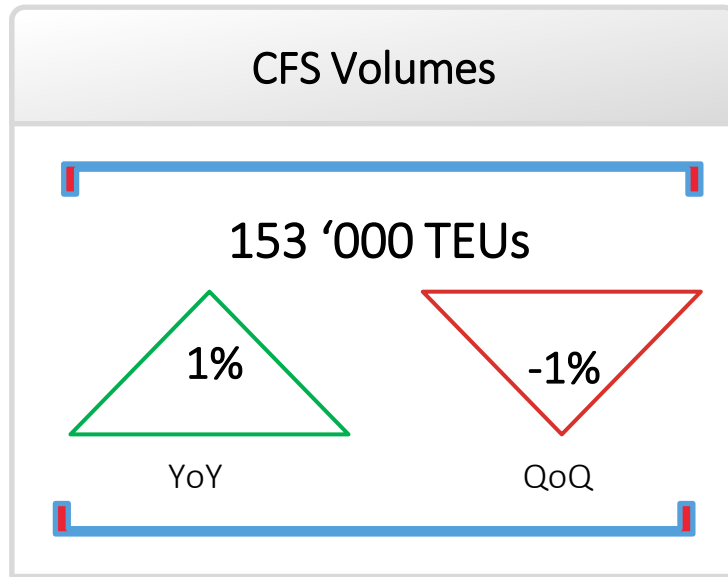

This presentation and the accompanying slides (the “Presentation”), which have been prepared by **Allcargo Terminals Limited** (the “Company”), have been prepared solely for information purposes and do not constitute any offer, recommendation or invitation to purchase or subscribe for any securities, and shall not form the basis or be relied on in connection with any contract or binding commitment what so ever. No offering of securities of the Company will be made except by means of a statutory offering document containing detailed information about the Company.

This Presentation has been prepared by the Company based on information and data which the Company considers reliable, but the Company makes no representation or warranty, express or implied, whatsoever, and no reliance shall be placed on, the truth, accuracy, completeness, fairness and reasonableness of the contents of this Presentation. This Presentation may not be all inclusive and may not contain all of the information that you may consider material. Any liability in respect of the contents of, or any omission from, this Presentation is expressly excluded.

Certain matters discussed in this Presentation may contain statements regarding the Company’s market opportunity and business prospects that are individually and collectively forward-looking statements. Such forward-looking statements are not guarantees of future performance and are subject to known and unknown risks, uncertainties and assumptions that are difficult to predict. These risks and uncertainties include, but are not limited to, the performance of the Indian economy and of the economies of various international markets, the performance of the industry in India and world-wide, competition, the company’s ability to successfully implement its strategy, the Company’s future levels of growth and expansion, technological implementation, changes and advancements, changes in revenue, income or cash flows, the Company’s market preferences and its exposure to market risks, as well as other risks. The Company’s actual results, levels of activity, performance or achievements could differ materially and adversely from results expressed in or implied by this Presentation. The Company assumes no obligation to update any forward-looking information contained in this Presentation. Any forward-looking statements and projections made by third parties included in this Presentation are not adopted by the Company and the Company is not responsible for such third party statements and projections.

Q4FY24 KEY FINANCIAL HIGHLIGHTS – CONSOLIDATED

- **Volume:** Despite geopolitical events disrupting global container trade, Allcargo Terminals has recorded a volume growth of 8 percent during FY24 as compared to FY23. We have grown faster than the industry, this signifies our brand recall and service quality.
- **Operations Excellence:** Our efforts in the past year for enhancing service levels through Digital enablement with myCFS portal, App and the new CRM platform are progressing well. Optimized yard utilization and procurement initiatives lowers operating cost by 3 percent in Q4FY24 as compared to last quarter.
- **Capacity :** Enhancement in key port areas commenced with land acquisition in Mundra.

NEW CRM PLATFORM – CUSTOMER CENTRICITY

CFS MAG integration for custom sales reports, enabling performance review and growth planning for sales teams

Standardized email templates with full Microsoft Outlook integration for improved, timely customer communication

Controlled junk account creation via customer KYC after CFSMag integration and Duplication Rules.

Close lead lifecycle monitoring with regular hierarchical interventions for faster conversions

Weekly sales team guide: prioritize visits, boost wallet share through email triggers, and enforce Geo-mapped Check In/Check Out

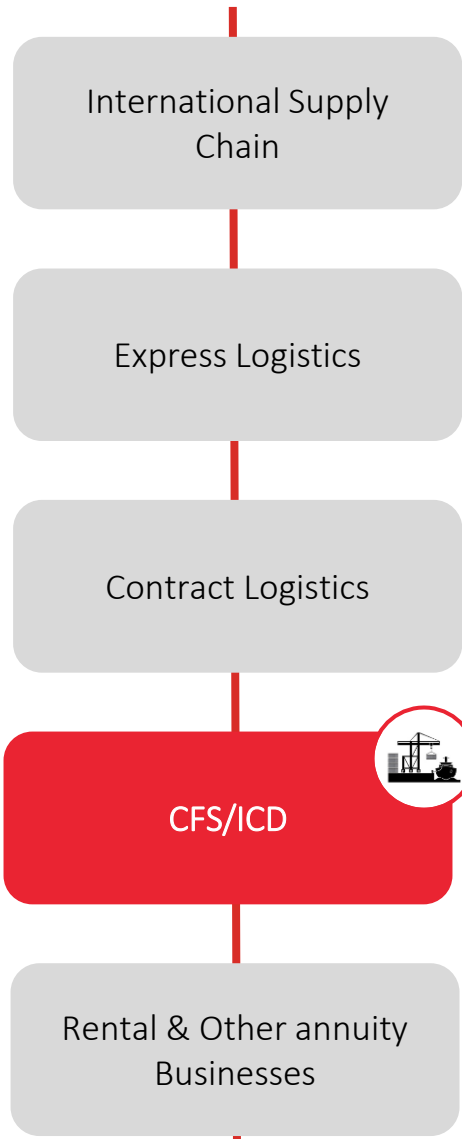

Persona-specific report views for sales leaders, enabling data-backed decisions and effective budget-aligned strategies

Customer Service module : SLA-based queries, aiding Sales in retention, measuring internal CSAT for Customer Delight

ALLCARGO GROUP PRESENT ACROSS THE LOGISTICS VALUE CHAIN THROUGH ITS GROUP COMPANIES

Allcargo Terminals Limited

Allcargo Terminals Limited a key cog in the value chain by providing **CFS, ICD and warehousing** services thus supporting **India's EXIM growth**

Leading Pan India Player with asset light strategy

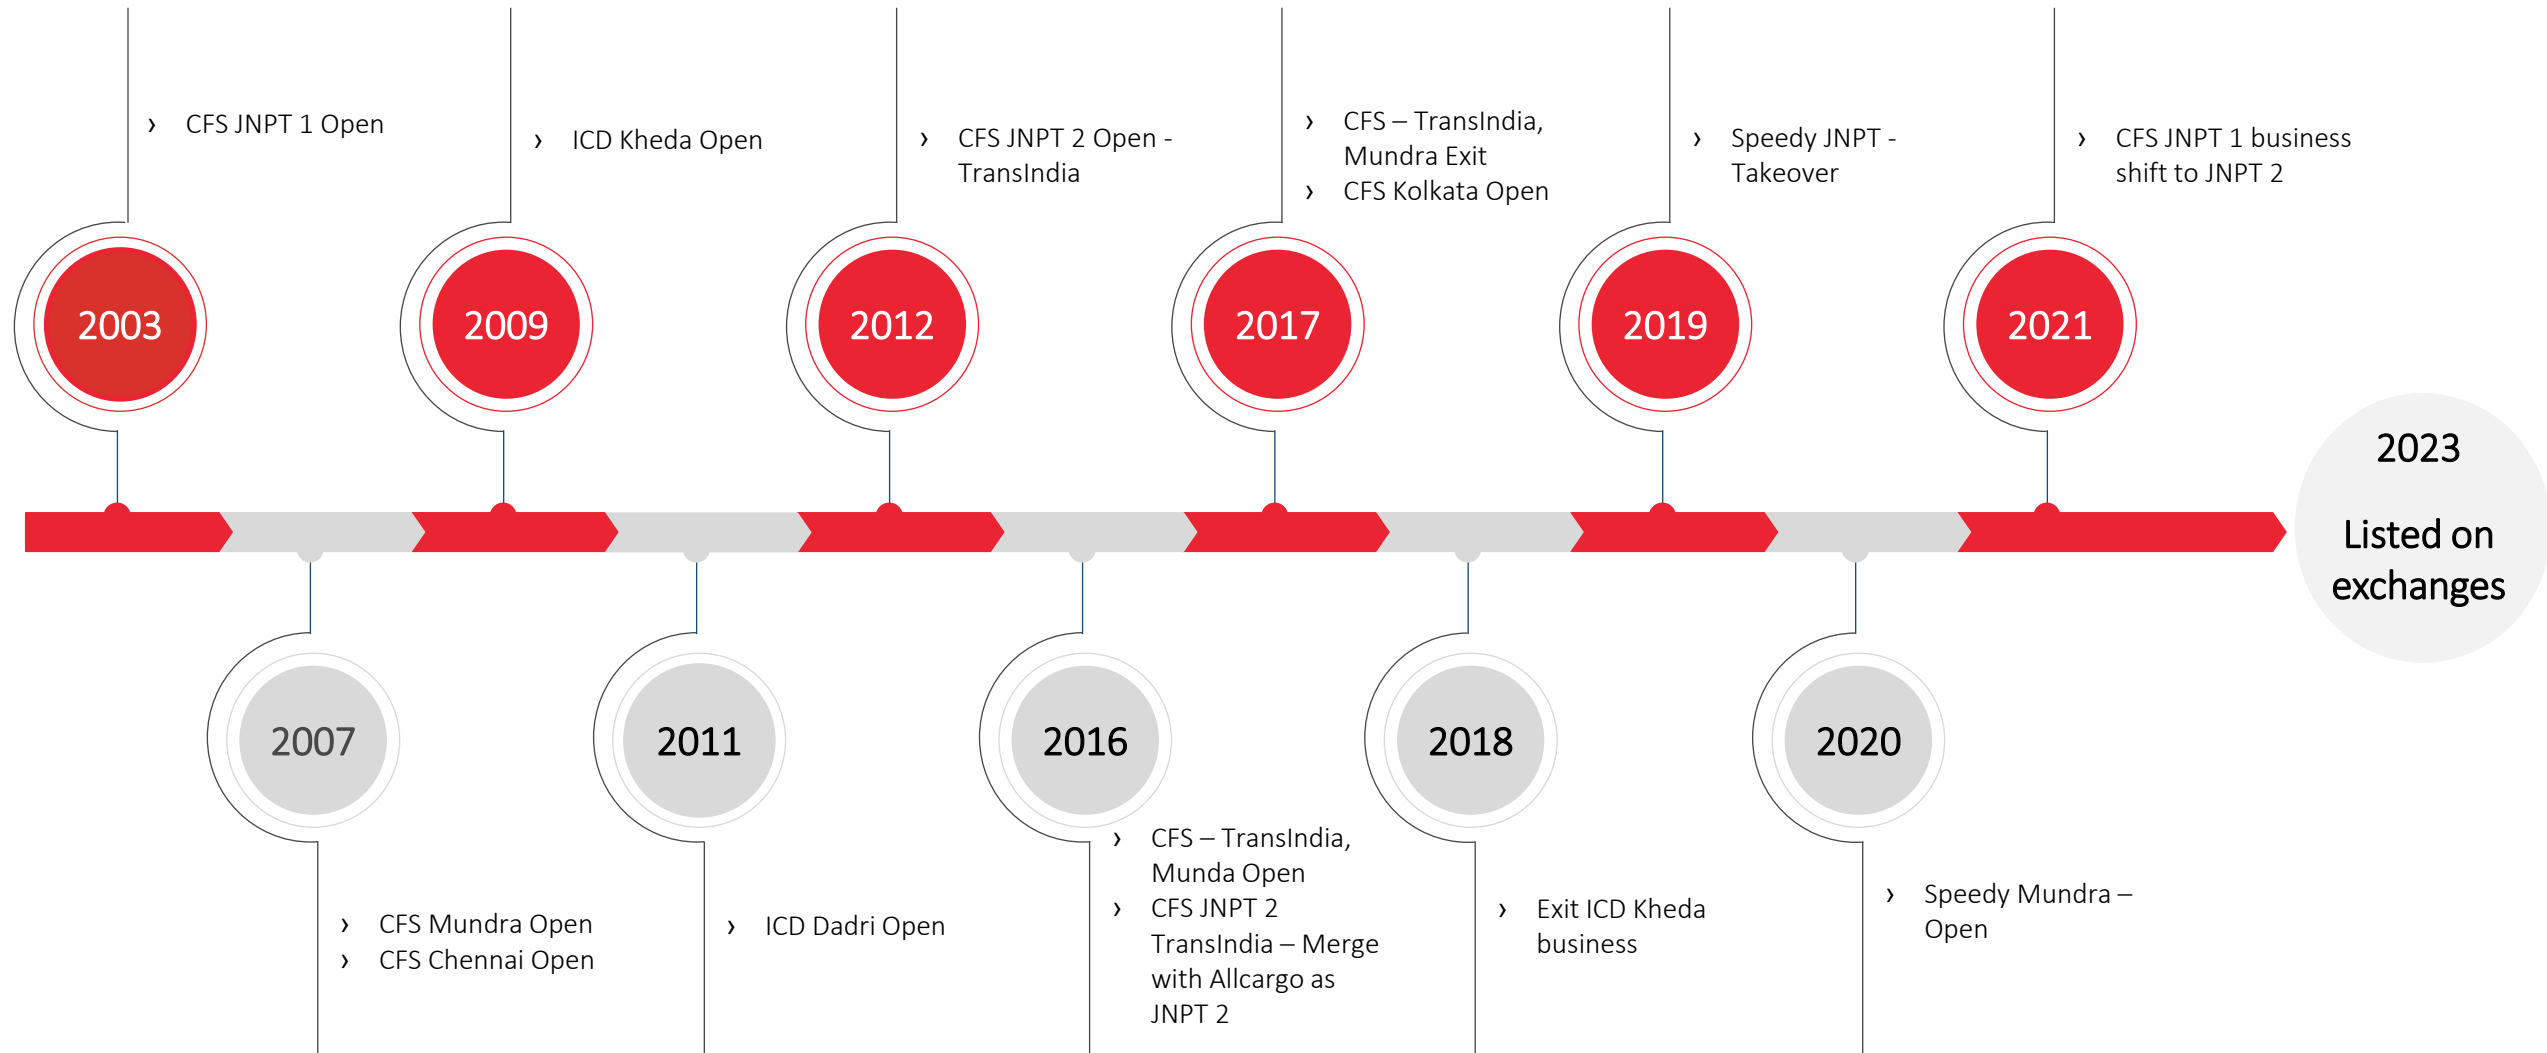

CFS at JNPT, Chennai, Mundra and Kolkata & 1 ICD at Dadri*

Speedy Multimodes - Best in class, closest facilities to India's largest port

Currently operating at 85% utilization

* JV with CONCOR

ATL: LEADING PLAYER WITH PAN INDIA NETWORK

Strategically Located Assets with Robust Operational Capabilities

Strategic Location of all the Assets

- Widest pan India presence along with multi-city consolidation network
- Presence on 4 ports which drives >80% of India's container traffic
- Best placed to capture the DFC driven ICD opportunity

Robust Operational Capabilities

- Expertise in handling & monitoring ODC, Reefer Containers and Hazardous Cargo movements
- Market leader in JNPT and Mundra, amongst the top 3 CFS operators in Kolkata and Chennai

Operational Support

SIZE AND CAPACITY OF OUR FACILITIES

Facility	Acreage	Total WH Space (sqm)
ACL JNPT	43	30,000
Speedy JNPT	63	32,500
ACL Mundra	16	9,215
Speedy Mundra	40	14,000
Chennai	23	12,881
Dadri	11	3,400
Kolkata	17	2,622

DIGITAL CUSTOMER JOURNEY

DATA BASED DECISIONS

PROJECT UNNATI

- CFS-MAG centralised across 7 locations
- MyCFS - Customer portal launched – Self service, Paperless
- SYMPHONY SUMMIT tool for Incident management launched
- CFS Dashboard and CRM launched

CUSTOMER LEVEL ANALYTICS

- Tracking and visibility of business with specific customers
- JNPT Allcargo, Kolkata and Speedy JNPT have the CLA in place

OTHER KEY INITIATIVES

- Smart yard management
- Centralize contract management

DATA DRIVEN DECISION-MAKING

ENHANCED CUSTOMER EXPERIENCE

ONE IN ALL DIGITAL PLATFORM

OVERVIEW OF CFS/ICD MARKET

25% of Indian Port volumes are addressed by CFS/ICDs

All the Growth Levers in Place for Future

- Potential reforms to increase the scope of activities and expand the role of CFS's. CFSs also gaining importance due to increased number of LCL shipments
- In addition to the steady growth in EXIM cargo, improved containerization is expected to increase the share of container traffic in Indian seaborne trade
- Higher capacity additions expected by FY25 from Sagarmala Program on the back of cluster development aiding robust port connectivity in India
- Once operational, the western DFC would aid ICD operational advantage. Also it plays a important role in Government's plan of developing of industrial clusters.

Recent regulatory initiatives: CFS an integral part of efficient port evacuation

States low on CFS/ICD infrastructure are HP, Bihar, Jharkhand, WB, Sikkim, AP, Nagaland, MN, MZ, TR, Telangana and J&K

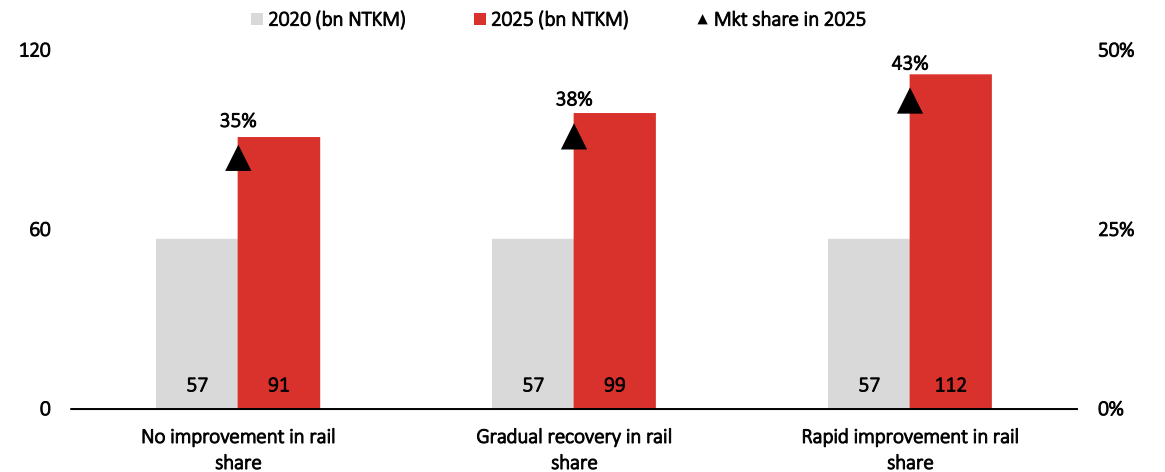

Proposal accepted only for specific trade locations: Uttarakhand, UP, Chhattisgarh, Odisha, AP, Goa, Karnataka, Kerala and other

States and UT not listed in Green & Blue zones (Mumbai, Gujarat, Chennai) closed for any new CFS development indefinitely.

ICD led efficiencies to be aided by DFC

Export Process

Need for CFS and ICD

- CFS & ICDs act as hubs in the logistics chain of a multi-modal transport logistics system.
- Helps in decongestion of ports by shifting cargo and customs related activities outside the port area
- Enables consolidation and desegregation of LCL cargo
- Provides handling, storage and value-added services
- Maintains shipment data and acts as serving point for shipping lines
- Optimization of transport and inventory cost

Import Process

GDP Growth

- India expected to continue being world's fastest growing major economy.
- IMF has projected India's GDP to grow at 6.8% in financial year 2025 and 6.5% financial year 2026

EXIM Trade

- Government initiatives like Foreign Trade Policy are aimed towards making India an export hub

Gati Shakti Master Plan

- Gati Shakti is expected to reduce logistics cost
- With commissioning of DFC tracks significant improvement in efficiency of freight transportation is expected

Manufacturing Boost

- Schemes like Make in India and Production Linked Incentives (PLI) targeted at key manufacturing sectors are attracting foreign investments and boosting local manufacturing

Other Enablers

- Through Digital India, National Infrastructure Plan, National Logistics Policy, GST Implementation, etc. govt is further improving the ease of doing business

Macro growth drivers will Boost the Trade by lowering costs, increasing efficiencies and reducing barriers for movement of commodities. This will boost Container trade, Transportation and Storage. With ATL's presence in all these sectors, we will significantly benefit from the growth.

Organic Growth

Focus on market share and wallet share increase for profitable growth

Inorganic Growth

Identified areas leveraging the Group's expertise in M&A

Adjacencies

New geographies, Strategic partnerships

Ambition

The building blocks to deliver Customer Delight across our businesses to power our ambition

People Power

Build & buy approach for talent, new strides in Diversity and Capability enhancement

Digital

Upgrading to latest solutions and digital ways

Ops Excellence

Reliability at its core

Future Fit

Build Strong Governance, and Sustainability as core value

STRATEGIC PRIORITIES

Organic & Inorganic Growth

- Will continue to outpace industry growth
- Look for acquisition in areas with high potential and low presence

Hub & Spoke

- Provide Hub & Spoke service which will help cater to customer's supply chain needs
- Plan to initiate pilot by Q3FY24

Rail Connectivity

- Upcoming ICD at Jhajjar which is at a nodal point on the DFC. To be developed by FY26
- Will bid for identified Gati Shakti Cargo Terminals

Digitalization & Consolidation

- MyCFS to digitize customer journey and help save time & effort
- Will look to consolidate two facilities at JNPT & Mundra in one location to optimize cost

Partnerships

- Have entered in a partnership with Maersk at Kolkata port to handle all of their volume
- Will actively look at such partnerships at other ports

ATL: DEDICATED FREIGHT CORRIDOR – OPPORTUNITIES GALORE FOR ICD

Advantages of DFC

The eastern dedicated freight corridor will have a route length of 1,856 kms

The western dedicated freight corridor will have a route length of 1,483 kms

Increase in the average speed of goods train from 25kms/hr to 70kms/hr will lead to higher turnaround

Double-stack containers and increased train length will lead to considerable increase in volumes

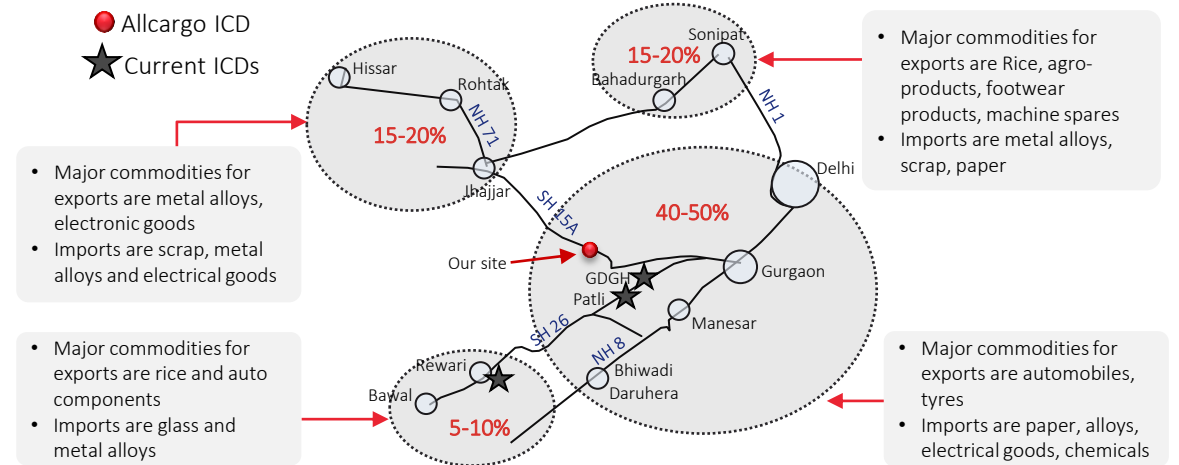

Will connect the existing ports and industrial areas for faster movement of goods

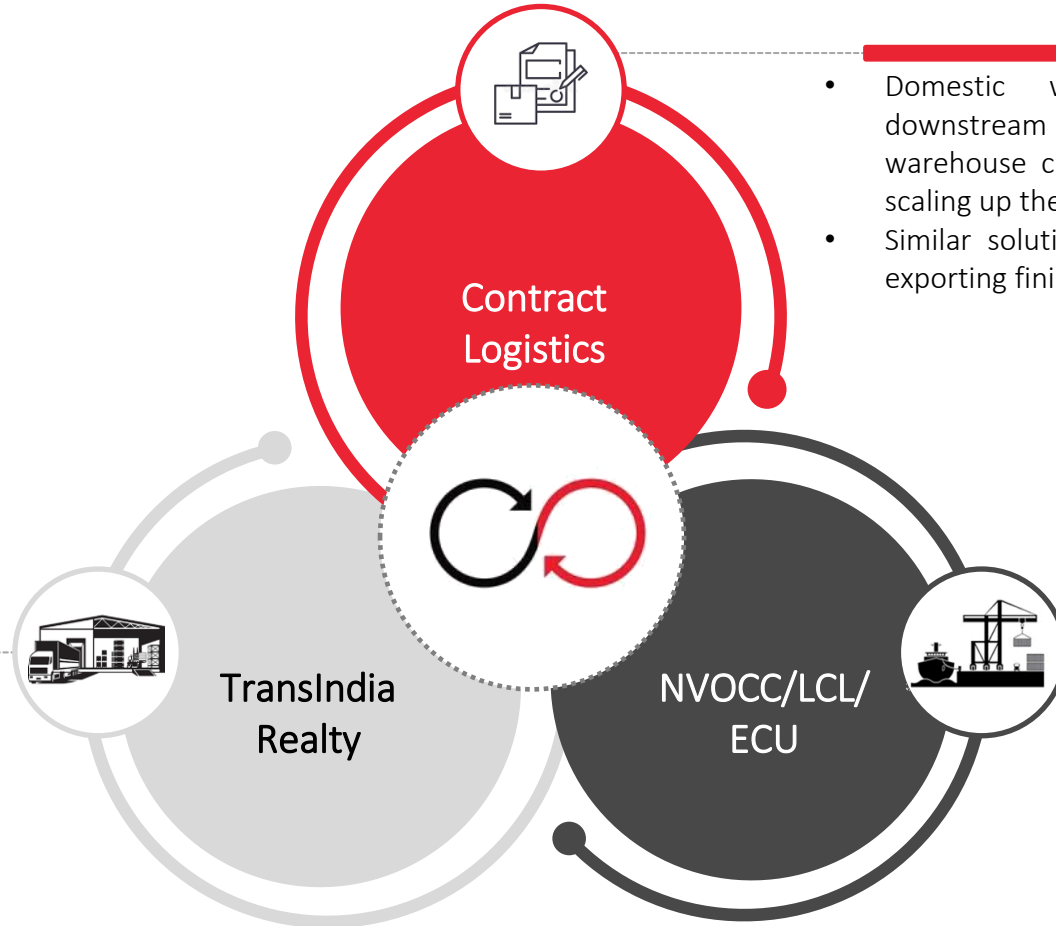

DFC to decongest the railway network and will help in reducing the logistics cost along with increasing share of rail to logistics

Advantage Jhajjar: Hinterland container traffic in NCR region

Feature	Existing	On DFC
Moving Dimensions		
Height	4.265 km	7.1 m for Western DFC 5.1 for Eastern DFC
Width	3200 mm	3660 mm
Container Stack	Single Stack	Double Stack
Train Length	700 m	1500 m
Train Load	5,000 Ton	13,000 Ton

- Domestic warehousing solutions for Imports downstream of Ports. We have already built warehouse close to our JNPT CFS and in process of scaling up the bundled CFS-Warehouse solutions
- Similar solutions can be provided to our customers exporting finished goods

- As one of the largest FCL and LCL consolidators internationally, the Freight consolidators are already a huge partner for CFS/ICD business in terms of complimentary service offerings, end to end solutions and driving business for each other
- As both ACL and ATL look to grow, the opportunities to synergize will only grow further

As a growing CFS/ICD we are constantly looking to add facilities in key locations. TransIndia strategic investments in land banks and Infra development will be playing a key support role

Apart from Business specific synergies, we have created a **Cross-sell function** internally to grow the cross-selling/up-selling and creating Corporate sponsored KAM for large accounts who will focus on **maximizing the wallet share** of logistical spends within the Group entities

SURESH KUMAR R

Managing Director

A seasoned industry leader with nearly 30 years' experience in building and growing businesses across logistics, telecom, consumer, and media industries. A champion of change management and digital transformation, he is a mechanical engineer with an MBA from IIM Bangalore.
